

Stay a Night at the Center and Learn About Space Exploration

Spend a night at Space Center Houston and explore science, technology, engineering and mathematics (STEM) through hands-on learning and challenging activities. Learn more about one-of-a-kind space artifacts during our overnight experiences.

Unique overnight experiences

Explore, innovate and create during our overnight experiences:

Family Campouts – Families can navigate their own space exploration journey while engaging in science, technology and engineering related activities for all ages. Campout under the stars or inside our center full of historic space artifacts.

Scout Camp-Ins – Girl and Boy Scouts can work toward their individual Scout badges and electives by engaging in an interactive and hands-on STEM learning environment.

American Heritage Girl Camp-Ins – Third-year Tenderhearts through Patriots can enjoy an immersive evening filled with interactive, engaging activities, private tours, explosive educational shows and more.

FIRST LEGO League Camp-In – FIRST® LEGO® League teams will work on the current year's challenge and camp next to artifacts that have furthered human space exploration.

Military Family Campouts – Military veterans and their families can enjoy an evening of STEM and space exploration related activities with Space Center Houston and NASA experts, sleep among real flown spacecraft and wake up to enjoy a private tram tour of NASA Johnson Space Center.

Program enhancements

- \$7 per program patch (optional)
- \$15 per T-shirt (optional)
- Group meal tickets
(optional for second-day visit)

Overnight experiences include:
